COVID-19 Information: During the Spring of 2020, FCPS school buildings were closed from March 13 to the end of the school year, and students were provided with both synchronous and asynchronous distance learning. Students were awarded final grades equivalent to their semester grade or one grade bump higher than their semester grade (B to a B+) based on their level of engagement and mastery of subject matter. For detailed information on how year-long and semester course final grades were calculated during the Spring 2020 closure, as well as other COVID-19 related closure information, please visit the [FCPS Postsecondary Profile](https://www.fcps.edu/about-fcps/postsecondary-profile) at <https://www.fcps.edu/about-fcps/postsecondary-profile>

FCPS opened schools virtually for the 2020-21 School Year. Students received virtual instruction 5 days per week, including 4 days of live, face-to-face online instruction with teachers and one day of independent, asynchronous learning. Each class was 80 minutes in length. Student attendance was required and all students received assignments that were graded.

Class Rank and Grading Scale

- FCPS high schools do not rank their students.
- Grade point average (GPA) is calculated on the basis of all high school courses for which credit has been earned, attempted, and previously awarded. High school courses taken in middle school may be expunged from the high school transcript. The parent or guardian must submit a request within nine weeks of his and/or her child entering an FCPS high school. is based on high school courses taken which is often grades 7-12.
- All Honors (HN) courses are weighted with an additional 0.5 quality points. Courses denoted as Advanced Placement (AP), Advanced (AV), Dual Enrollment (DE), or International Baccalaureate (IB) are weighted with an additional 1.0 quality points.
- To provide increased flexibility to students, FCPS made the following changes to the grading policies for the 2020-21 school year only: use of No Mark (NM) instead of F grades for all courses, and no credit was awarded and was not factored into the GPA; and students/families could choose a mark of "P" (pass) instead of passing letter grades as their final mark in up to two current high school courses. Therefore, a student's transcript may include more marks of "P" than typically seen on an FCPS transcript.

Additional information can be found on the Secondary Grading and Reporting website at <https://www.fcps.edu/academics/grading-and-reporting/secondary>.
