Resources

Grade Book Information and Retake Policy

StudentVUE/ParentVUE vs. Schoology

- StudentVUE/ParentVUE houses grades, while Schoology houses assignments. You can also see what is overdue.
- Parents, if you need help accessing ParentVue - [click here for the FCPS ParentVue Account Overview](#)

- How do I make an appointment with my teacher?

Want to receive notifications when your grade dips? (see below)

The screenshot shows a user interface for notification settings. At the top, there are three dark buttons labeled "My Account", "Help", and "Logout". Below these is a grey bar with the text "Auto Notify: Check the events below for which StudentVUE will e-mail information to you when an event occurs." Underneath, there is a checkbox labeled "Grade Book" with the subtext "Notify me of my grade book scores". To the right of this checkbox is a dropdown menu labeled "Send Messages Every" with "Sunday" selected. Below that is another checkbox labeled "Only Send Messages when Grades are below:" followed by an empty input box and a percent sign.
