

Dear Class of 2022,

Welcome to Junior year!

The school year is always met with some nervousness and anxiety. This year is no exception but obviously the anxiety is increased due to the pandemic. We, like you, are unsure about what we can expect. Anything we learn about the school we will convey to you. We know there will be lots of questions regarding events, college information, testing, etc. We know that this year won't look like any other year, but we are here to support you.

Traditionally, this is the time that we ask for class dues. FCPS is not allowing for us to collect money at this time. The PTSA and class parents are working on options for class t-shirts which were traditionally tied to the dues.

We will continue with our Parent Forums and have currently scheduled them for:

Tuesday, October 13, 10am

Monday, December 7, 10am

Monday, April 26, 2021, 10am

At this point, the topics are fluid and they may be more Townhall forums with our AP and other administrators regarding timely topics.

Traditionally, the Junior Class dinner and college search night is held in January or February. If we are unable to bring that to you in person, we will move it to a virtual platform. We know this is necessary information for our families and we have every intention to provide you with the information you need as you plan for the end of Junior year and to transition to Senior year.

I highly encourage you to join our Facebook page, LHS Class of 2022 Parents:

<https://www.facebook.com/groups/1739869332728480>

as well as our email distribution list found on our website:

<https://www.ptsalanglely.org/class-of-2022>.

Our Facebook page is a closed group and very pertinent to our parents and students. The Facebook page allows us to disseminate information very quickly to members. It has been a vibrant page that has provided valuable information and a great place for an exchange of ideas.

We really want to reiterate that we are here for you. We will again continue to provide any information that we get as we receive it.

Thank you so much for your patience, cooperation, and support.

Amy Swaak
Class Lead Parent
